## Alla ricerca delle basi della musica (Italian Edition) Claudio Bonechi

Il libro contiene un'indagine sul suono dal punto di vista acustico e come componente di tutti quegli aggregati che chiamiamo musica. Gli argomenti spaziano dall'acustica musicale agli strumenti, dagli aspetti combinatori dei suoni alla musica vista come codice fino ai suoi contenuti. Viene prospettata una possibile risposta al perché dal continuum sonoro sono stati scelti proprio i suoni in uso da secoli nella cultura occidentale.
