New city. New school. Michael is feeling all alone—until he discovers the school garden! There's so many ways to learn, and so much work to do. Taste a leaf? Mmm, nice and tangy hot. Dig for bugs? "Roly-poly!" he yells. But the garden is much more than activities outdoors: making school garden stone soup, writing Found Poems and solving garden riddles, getting involved in community projects such as Harvest Day, food bank donations, and spring plant sales. Each season creates a new way to learn, explore and make friends.

School librarian and gardener Rick Swann, in his picture book debut, describes the wonder of connecting with nature and the joy of growing and eating one's own harvest. Award-winning artist Christy Hale (*Dreaming Up, Elizabeti's Doll* series) captures the brilliant color of the season and the harvest. This is the perfect book to read alone, as well as share in the classroom or with the entire family.

Good read for the young gardener. Winner of the Growing Good Kids Book Award from Junior Master Gardener Program and American Horticultural Society, named Food Tanks' "15 Book for Future Foodies," and the Whole Kids Foundation Book Club selection for March 2016.
