Children who are asked to read slightly above their comfort level will develop into superior readers. Reading requires an active, discriminating mind that is challenged to think, compare, and contrast. Our literature study guides train students to become active readers. They focus on vocabulary, spelling, comprehension, and composition skills. *The Courage of Sarah Noble* is the story of a young girl and her family as they seek to build a new home in the wilderness in the early 1700s. The answer key is included in Memoria Press' *Second Grade Literature, Teacher Key*.
