The Infinity Ring is a series of young adult science fiction adventure novels written by multiple authors, including James Dashner, Lisa McMann, Matt de la Peña, Matthew J. Kirby, and Jennifer A. Nielsen, in a similar fashion to The 39 Clues and Spirit Animals. It is focused on the adventures of Dak, Sera, and Riq as they try to fix changes in time through time travel. For an unknown reason, a secret society known as the SQ has changed many things about time, so history is dramatically different than ours. Those changes have also caused many problems, including more intense natural disasters and civil unrest. The SQ also manipulates every government's actions. Dak's parents, both scientists, have developed a time machine with financing from the Hystorians, a secret group, founded by Aristotle, which works against the SQ and has been preparing to go back in time to fix the changes. However, their first attempt at time traveling fails, getting them lost in the time stream. Shortly after that, Dak, his friend Sera, and language expert Riq have to go back in time themselves to fix the changes themselves.
