This is a book about angels and angelic verification. It contains a true story and a channelled vibration of comfort and love. It has been channelled and written to assist with the realignment and the post-2012 'great shift' we are currently undertaking. This is also a book about the process of being able to channel messages and verify them, to have faith and surrender. It is about being on a spiritual path, about finding your life's work, about being free but also having fun; it is about taking responsibility, to be able to laugh at absurdity and not taking all of this too seriously on the one hand and taking it very seriously indeed on the other. For being on a spiritual path is a journey to integration and joy, a journey in which we are the hero or heroine, however unlikely a label that may seem. And if it is as serious as that it is also as joyous and wild as that. The Gift of An Angel will inspire and assist anyone setting out on their own spiritual journey, especially if this includes the desire to connect to angelic realms.
