In addition to a revised text, Lab Manual, and Handbook, this edition brings a complete online course and a brand-new head-to-toe assessment video. The text itself boasts an improved layout, a vibrant new art program, and four new chapters on pain assessment, nutritional assessment, spiritual assessment, and assessment of families using violence.

The text can be purchased in a package with the new Second Edition of **Weber and Kelley's Interactive Nursing Assessment**. This interactive health assessment tool reinforces assessment skills and concepts covered in textbooks, videos, and labs. Each module corresponds to a body system with modules specifically designed for assessing special populations. Within each module, you'll find 5 different types of interactive learning exercises: structure and function exercises with labeling and animations, analysis of data exercises, communication exercises, performing physical assessment exercises, and NCLEX®-style quizzes. Feedback is provided including rationale for correct answers. Audio and video clips clarify concepts of assessment and anatomy and physiology.
