The Mystery of the Mary Celeste: The Solution Richard Rees

On December 4, in the year 1872, the American brigantine Mary Celeste, bound from New York to Genoa, was found abandoned but completely seaworthy, some 600 miles off the Spanish coast, with no sign of captain or crew. What happened has remained unsolved for over 138 years, but after a year of exhaustive research, the answer to the world's most famous sea mystery is now told in "factional" form through the eyes of New York detective Michael Callaghan, and his estranged wife Colleen. Investigating two brutal murders committed in New York's teeming Lower East Side, and also pursuing their own vendettas across the Atlantic against one of America's greatest fraudsters – "Brains" Sweeny, mastermind of the notorious "Tweed Ring", who has fled New York with \$200,000,000 of its money, converted into diamonds – Callaghan and Colleen uncover a web of intrigue and deceit, involving not only a Sicilian organisation called the "Mafia", previously unknown to the world outside the island, but also a counter revolutionary plot codenamed "Opus Dei", conceived by Pierre Beckx, Father-General of the Jesuits, to restore the Church of Rome, disestablished in Germany by Count von Bismarck, and in Italy by King Victor Emmanuel, with the Pope a "house-prisoner" in the Vatican.
