1558 Deaths: Charles V, Holy Roman Emperor Merrie Craft

What's so special about Charles V, Holy Roman Emperor? In this new, compelling book from author Merrie Craft, find out more about Charles V, Holy Roman Emperor ... Charles V was ruler of the Holy Roman Empire from 1519 and, as Charles I, of the Spanish Empire from 1516 until his voluntary retirement and abdication in favor of his younger brother Ferdinand I and his son Philip II in 1556. As the heir of three of Europe's leading dynasties??the House of Habsburg of the Habsburg Monarchy; the House of Valois-Burgundy of the Burgundian Netherlands; and the House of Trast??mara of the Crowns of Castile and Aragon??he ruled over extensive domains in Central, Western, and Southern Europe; and the Spanish colonies in the Americas and Asia. Charles was the eldest son of Philip the Handsome and Joanna the Mad. When Philip died in 1506, Charles became ruler of the Burgundian Netherlands, and his mother's co-ruler in Spain upon the death of his maternal grandfather, Ferdinand the Catholic, in 1516. As Charles was the first person to rule Castile-Le??n and Aragon simultaneously in his own right, he became the first King of Spain. In 1519, Charles succeeded his paternal grandfather Maximilian as Holy Roman Emperor and Archduke of Austria. From that point forward, Charles's realm, which has been described as "the empire on which the sun never sets", spanned nearly four million square kilometers across Europe, the Far East, and the Americas. Much of Charles' reign was devoted to the Italian Wars against the French king, Francis I, and his heir, king Henry II, which although enormously expensive, were militarily successful due to the undefeated Spanish *tercio* and the efforts of his prime ministers Mercurino Gattinara and Francisco de los Cobos y Molina. Charles' forces re-captured both Milan and Franche-Comt?? from France after the decisive Habsburg victory at the Battle of Pavia in 1525, which pushed Francis to form the Franco-Ottoman alliance. Charles' rival Suleiman the Magnificent conquered the central part of Hungarian Kingdom in 1526 after defeating the Christians at the Battle of Moh??cs. However, the Ottoman advance was halted after they failed to capture Vienna in 1529. Aside from this, Charles is best known for his role in opposing the Protestant Reformation. In addition to the German Peasants' War against the Empire, several German princes abandoned the Catholic Church and formed the Schmalkaldic League in order to challenge Charles' authority with military force. Unwilling to allow the same religious wars to come to his other domains, Charles pushed for the convocation of the Council of Trent, which began the Counter-Reformation. The Society of Jesus was established by St. Ignacio de Loyola during Charles' reign in order to peacefully and intellectually combat Protestantism, and continental Spain was spared from religious conflict largely by Charles' nonviolent measures. So, what separates this book from the rest? A comprehensive narrative of Charles V, Holy Roman Emperor, this book gives a full understanding of the subject. A brief guide of subject areas covered in "1558 Deaths - Charles V, Holy Roman Emperor" include - - Charles V, Holy Roman Emperor - Islam and Protestantism - Habsburg-Persian alliance - Coat of arms of Charles V, Holy Roman Emperor Find out more of this subject, it's intricacies and it's nuances.
