Hebrew Verbs and Conjugations+DVD (Hebrew Edition) Shraga Assif

The verb tables are an essential tool in providing learners the proper basics of the Hebrew language. Quite a few books of Hebrew verb tables have been published. Nevertheless, we believe this book offers something different, more sophisticated and more innovative. Our primary objective was to create a high-quality product to help learners understand the principles of Hebrew verb construction and conjugation. Not only do the book's many grammatical and visual innovations give the book an attractive and modern appearance, they also serve as an important and effective tool in the learning process. Throughout the book, the letters comprising the verb root are printed in a different color, thus visually reinforcing the regularity and unique structure of each verb form in the seven verb groups (binyanim). Moreover, all verbs are printed with letters denoting vowel sounds (ke'tiv malei), as is common in contemporary Hebrew, as well as in the shortened vowelized (ke'tiv Xaser) form. For both forms, the vowel marks are also printed, thus demonstrating our up-to-date approach.
