This is an excellent book for ideas of how to make money either on a large or small scale. It can help you if you are out of a job, don't want to have a job/boss, or need a little extra income on the side. It is packed with over 100 ideas. You will learn fascinating tips like how one plant in your yard can earn you hundreds of dollars, how a can of spray paint can earn you just as much, and more than a half of dozen ways to help you rake in the cash if you love to shop.

This book is perfect for:

- \* Teens who want to earn a few hundred each month without having to flip burgers
- \* Entrepreneurial people who could do a few of the ideas and create a reasonable (or maybe even lucrative) income by being their own boss
- \* Adults who could use an easy few hundred dollars each month to supplement their income
- \* College students who find it hard to find decent summer jobs

This book is not good for:

- \* Those hoping for a no-work get-rich-quick scheme
- \* Lazy/unmotivated people (although some jobs don't require much time)
- \* People who are scared of working for themselves
