Do you have an ugly duckling kitchen? If so, take this book and learn how to transform it into the pretty and practical swan it was meant to be. Whether your kitchen is galley-shaped, U-shaped, L-shaped, or just plain small, this hands-on workbook offers ideas for kitchens that suit every lifestyle, from city singles to growing families.

The kitchen is the heart of every home: the place where we gather with our families and friends; where we prepare and share food; where we work, entertain, and eat. But many kitchens were not designed with all these functions in mind. As a result, they are too small, too dark, and too cramped -- when what we want is spacious, light, and comfortable.

With *Small Spaces Beautiful Kitchens*, you can change all that. In its pages, you'll learn how to turn your kitchen -- no matter how small, how drab, how dysfunctional -- into the kitchen of your dreams.
