Zombies Love Pizza: Random Funny Thoughts from Dan of the Day Dan Florence

A warped sense of humor isn't required to appreciate Dan's amusingly unconventional brand of comedy, but it certainly helps. If Yogi Berra, Steve Martin and Douglas Adams had a baby together, the result might be something like this book. Our understanding of human biology would certainly be changed, at any rate. This compilation of random funny thoughts is simultaneously dark and naïve; both off-the-wall and relatable; paradoxically smart and stupid. Peek into the mind of Dan of the Day and laugh at the dearth of its contents.
