Arrival of the Fittest: Solving Evolution's Greatest Puzzle Andreas Wagner

“Natural selection can preserve innovations, but it cannot create them. Nature’s many innovations—some uncannily perfect—call for natural principles that accelerate life’s ability to innovate.”

Darwin’s theory of natural selection explains how useful adaptations are preserved over time. But the biggest mystery about evolution eluded him. As genetics pioneer Hugo de Vries put it, “natural selection may explain the survival of the fittest, but it cannot explain the arrival of the fittest.”

Can random mutations over a mere 3.8 billion years really be responsible for wings, eyeballs, knees, camouflage, lactose digestion, photosynthesis, and the rest of nature’s creative marvels? And if the answer is no, what is the mechanism that explains evolution’s speed and efficiency?

In *Arrival of the Fittest*, renowned evolutionary biologist Andreas Wagner draws on over fifteen years of research to present the missing piece in Darwin's theory. Using experimental and computational technologies that were heretofore unimagined, he has found that adaptations are not just driven by chance, but by a set of laws that allow nature to discover new molecules and mechanisms in a fraction of the time that random variation would take.

Consider the Arctic cod, a fish that lives and thrives within six degrees of the North Pole, in waters that regularly fall below 0 degrees. At that temperature, the internal fluids of most organisms turn into ice crystals. And yet, the arctic cod survives by producing proteins that lower the freezing temperature of its body fluids, much like antifreeze does for a car’s engine coolant. The invention of those proteins is an archetypal example of nature’s enormous powers of creativity.

Meticulously researched, carefully argued, evocatively written, and full of fascinating examples from the animal kingdom, *Arrival of the Fittest* offers up the final puzzle piece in the mystery of life’s rich diversity.

From reader reviews:

David Ramos:

Why don't make it to become your habit? Right now, try to prepare your time to do the important behave, like looking for your favorite guide and reading a book. Beside you can solve your long lasting problem; you can add your knowledge by the publication entitled Arrival of the Fittest: Solving Evolution's Greatest Puzzle. Try to the actual book Arrival of the Fittest: Solving Evolution's Greatest Puzzle as your pal. It means that it can to become your friend when you really feel alone and beside associated with course make you smarter than in the past. Yeah, it is very fortunated for you. The book makes you a lot more confidence because you can know anything by the book. So , let's make new experience and also knowledge with this book.

John Harrison:

Have you spare time for the day? What do you do when you have a lot more or little spare time? Yeah, you can choose the suitable activity intended for spend your time. Any person spent their particular spare time to take a move, shopping, or went to the particular Mall. How about open or even read a book titled Arrival of the Fittest: Solving Evolution's Greatest Puzzle? Maybe it is for being best activity for you. You realize beside you can spend your time together with your favorite's book, you can cleverer than before. Do you agree with its opinion or you have different opinion?

Robert Carroll:

What do you with regards to book? It is not important together with you? Or just adding material when you need something to explain what yours problem? How about your time? Or are you busy particular person? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have time? What did you do? All people has many questions above. They have to answer that question simply because just their can do in which. It said that about book. Book is familiar in each person. Yes, it is appropriate. Because start from on guardería until university need this Arrival of the Fittest: Solving Evolution's Greatest Puzzle to read.

Margaret Parker:

A lot of guide has printed but it differs. You can get it by web on social media. You can choose the most beneficial book for you, science, comedy, novel, or whatever by simply searching from it. It is referred to as of book Arrival of the Fittest: Solving Evolution's Greatest Puzzle. You can include your knowledge by it. Without departing the printed book, it could add your knowledge and make anyone happier to read. It is most important that, you must aware about guide. It can bring you from one spot to other place.
