The classroom environment is an essential component for maximizing learning experiences for young children. *Inspiring Spaces for Young Children* invites teachers to enhance children's educational environment in a beautiful way by emphasizing aesthetic environmental qualities that are often overlooked in early childhood classrooms, such as nature, color, furnishings, textures, displays, lighting, and focal points.

Step-by-step instructions and lush photographs take educators through the process of transforming ordinary classrooms into creative, beautiful learning spaces, providing children with an environment where they can learn and grow.

With easy-to-implement ideas that incorporate nature, children's artwork, and everyday classroom materials, the photographs and ideas in this book promote creativity, learning, and simple beauty.
