Opus Lux - How to Create Your Own Light: A powerful, cutting-edge guide to creating perfect balance for your physical, mental, emotional and spiritual well-being

Ms. Christa Rae Pacheco
Sharing the life-changing secrets she has learned, internationally known Medical Intuitive Christa Rae Pacheco gives you the power to heal your Self simply by changing your perspective, attitude, beliefs or behavior. Having been driven by a life-long quest to unlock the mystery of what creates disease or the breakdown of our body, mind or spirit, Ms. Pacheco briefly shares her own life story and the Divine revelations that have led to the incredible insights you are about to witness for your Self. For the first time, all elements necessary to easily understand that we are Light-Beings having a physical experience in a world of duality are presented, along with an explanation of how the energetic systems work. You will learn how to heal the physical, mental, emotional and spiritual bodies simply by changing outdated belief systems. She teaches us that by filling our own needs first and taking full responsibility for our own life, we are then able to accept one another unconditionally, to find the gift in each insult, and to create balanced relationships between whole Beings. Ms. Pacheco masterfully explains how to create equality between our inner Male and our inner Female. She informs us that as 2012 approaches, Humanity is, for the first time, capable of using the wisdom of the heart in synchronicity with the logic of the mind. We are ready to combine science with spirituality, invite cooperation between inner and outer knowingness, and, thus, create greater results with less effort. By filling our own voids, using powerful heart-based communications, and living our true purpose, we will herald in a balanced world filled with abundance and happiness. Welcome to a brand-new physical reality, now available, on the new Planet Earth. Ms. Pacheco is a pioneer in the field of genetic reprogramming with her proven original Opus Lux DNAScan.
