Safdie Architects is an international architectural and urban planning practice founded and led by Moshe Safdie. Deeply committed to the creation of architecture that responds to local and regional characteristics of landscape, climate, cultural heritage, and contemporary life, Safdie is recognized for creating welcoming buildings and public spaces that contribute in meaningful ways to their setting while catalysing a vibrant public life.

Safdie is a comprehensive volume that traces the evolution of Safdie's planning and design work over the past 50 years, with a complete chronology of projects since the inception of his wide-ranging and influential practice. Organised to follow both thematic and chronological explorations, this monograph is the third volume by IMAGES Publishing to chronicle the work of this prolific architect, urban planner, educator, theorist, and author.
