Welcome to the Unwelcome World of Bish ...

Bish is the land of constant strife and turmoil. The rise and fall of the blazing suns make the days long and the people disagreeable. Its barren Outlands are as comforting as a bed of thorns as there is little sanctuary to be found in the sweltering forests or the dank caves below the ground. Its caviling cities are overrun with death, greed and corruption, but few complain. It is a place where tempers flare and alliances last as long as a tankard of ale. It is a place where the women are as beautiful as they are scarred and deranged. A place where good doesn't thrive, it endures. It is the land of fight or die.

Enter Venir the incorrigible, a fierce warrior, who has been secretly keeping the underling forces at bay for years. He is the Darkslayer, a man possessed by a mantle of power he cannot let go.

Enter Melegal the resilient, a crafty rogue, and Venir's reluctant shadow.

Enter the underlings, a purely evil race of sadistic killers bent on the destruction of mankind.

Enter the humans, a greedy, self-absorbed race of shameless survivors.

Enter the orcs, halflings, dwarves, ogres and other races, some good, some bad, all caught in the maelstrom of treachery and seduction.

How will they survive to fight and skim another day? Only Bish knows.

More...

As the underlings rally all of the evil forces they can muster to destroy the mystical and legendary Darkslayer, something unexpected has upset the delicate balance between good and evil on the world called Bish, making the Darkslayer a pawn in other insidious disputes.

When recklessness provokes a Royal household, Venir is forced to flee the city, along with his comrade, the skinny thief Melegal. The Royals and underlings soon unleash some unusual powers against him and start to close in. Facing the final showdown, nothing unfolds as it should.
