This book defines threats to our wealth such as bank bail-ins, pension confiscation, deflation, hyperinflation, global taxes and levies, gold manipulation, the derivatives exposure and future bond implosion. It discusses the imminent Global Currency Reset and death of the petrodollar, including the end of the Usd as the world's reserve currency. This will involve revaluation and devaluation of many currencies. This book examines the causes of the Global Financial Crisis of 2007-8 and the threat of a looming economic collapse in the future. The role of the Federal Reserve, International Monetary Fund and Bank for International Settlements in banking conspiracies and crimes is also examined. Finally, suggestions for wealth preservation are given.
