As a former NSA agent himself, the author Keith Massey infuses his novels with authentic details from the world of espionage and the language and culture of their settings.

Andrew Valquist is still in orientation at the NSA when he is suddenly sent on an overseas assignment! Dr. Valquist races across continents to discover the secret behind a plot to destroy civilization as we know it.

He was hired at the agency for his Arabic language skills. But now Latin and a knowledge of ancient history and culture are the key to stopping a shadowy group bent on unleashing chaos. Will he and his team solve the riddle in time to prevent this calamity?
