Arctic Dreams Barry Lopez

In his National Book Award–winning masterwork about imagination and desire in a northern landscape, revered writer Barry Lopez carries readers on a breathtaking journey into the heart of one of the world’s last frontiers

In this award-winning classic, Barry Lopez explores the ways the human imagination engages with a landscape at once barren and beautiful, perilous and alluring, austere yet teeming with vibrant life, and shot through with human history. The Arctic has for centuries been a destination for the most ambitious explorers—a place of dreams, fears, and awe-inspiring spectacle.

Based on Lopez’s years spent traveling the Arctic regions in the company of Eskimo hunting parties and scientific expeditions alike, *Arctic Dreams* investigates the unique terrain of the human mind, thrown into relief against the vastness of the tundra and the frozen ocean. Eye-opening and profoundly moving, it is a magnificent appreciation of how wilderness challenges and inspires us.

This ebook features an illustrated biography of Barry Lopez including rare images and never-before-seen documents from the author’s personal collection.
