### *What to do when their feet just can't keep still*

Capture students' attention with less talk and more action. The authors follow the best-selling *Teaching the Male Brain* and *Teaching the Female Brain* with this collection of mathematics, language arts, science, and classroom management strategies. Applicable to male and female active learners, the research-based text provides a wealth of examples, visuals, and material that can be easily reproduced to address experiential learners' common challenges. The many benefits include:

- Increased student engagement
- Improved retention of subject matter
- Enhanced capacity to focus on tasks
- A more orderly classroom
