A controversial yet super sexy romance by Natasha Dillion of African American Club. Spending Christmas alone was not what I had in mind. So when Dean suggested we spent it together, things started instantly looking up. Dean is the son of my mother's boyfriend; wildly successful, and as handsome as they come. We're not related, but he's always been that guy that would technically be my step brother IF our parents ever got married. So when we shared our first kiss? We knew things were about to get as complex as they come! Now we have a choice to make. Pursue a relationship we both know could be something very special, or live up to social pressures and forget the whole thing ever happened. Yer, I don't think I will forget those soft lips any time soon... Pick up your copy of Her Forbidden Billionaire now to find out how things play out. Suitable for over 18s only due to sex scenes between a hunky billionaire and his beautiful dark-skinned queen.
