William Randolph McCreight

The Randolph Family, Their Continental European Ancestors, Genealogical reference: Volume 3

William Randolph McCreight

About this volume This book will only be of interest to readers interested in the historical references and source material for the names in the genealogies in volume 2, The Randolph Family, Their Continental European Ancestors, History, and Genealogy Volume 2. This is the third in a series of three volumes concerning the history and genealogy of the Randolph family in Virginia, England, Scotland, and virtually all other European countries. Volume 3 contains only the genealogical reference and historical source material for volume 2. Volume 2 requires over 5,000 genealogical references with 394 pages. This is too many to include in volume 2 itself, so they are contained here in volume 3. About the other two volumes Volume 1 concerns the history and genealogy of the Randolph family in Scotland, England, colonial Virginia, and the United States of America. In addition to the Randolphs, it includes the histories and genealogies of seven important English families that are ancestors of the Randolphs. Volume 2 concerns the histories and genealogies of the Randolph family's ancestors across Europe. There are a great many excellent books about the Randolph family, but to my knowledge most of this material has not been published in connection with the Randolph family before. Due to intermarriage between the noble families of Europe, the Randolphs are descended from families in virtually every European country as well as the Middle East.
