2016 TOP NUTRITIONAL SUPPLEMENT BUYING GUIDE
SERIES 2: Muscle Building

For Guys & Gals

Do you ever wonder or even try to find which nutritional supplements and brands are safe, good quality and fairly priced?

This ebook provides a simple easy format for answering these questions, especially when it comes to purchasing nutritional muscle building supplements: What, Where and How much?

You can purchase high quality brand name supplements at a wholesale price without having to pay retail. I list a few of the top wholesale companies to purchase from that have been around for a long time with a good reputation.

Top safe and fair priced muscle building supplements are listed under various categories. I use supplement products myself and do not manufacture or sell my own nutritional supplements. Needless to say, this ebook and list of supplements are completely fair.

My book also includes a short personal testimony of how I built my body in 1993-1994 from a humble 125 lbs to 175 lbs of almost all muscle in only 8 months steroid free.

Provides color photo images and an interactive table of contents along with a few other helpful links.

A paperback version will be available soon. You can also view and purchase my Series 1 supplement buying guide through Amazon as well, which was written to list top safe supplements for overall general health & wellness.
