Spanking fiction doesn't get any more detailed, humorous, or genuine than this.

Funny, full of surprises, and always arousing, this brilliant collection of stories centers on innocent, young women who find themselves faced with the delicious, scary, and sensual prospect of a sound, bare-bottom spanking. Each woman is inexorably drawn toward the moment when, bent over lap, desk, or chair, she tremblingly receives the punishment for which her curvaceous backside was so perfectly designed. Included in the collection are the imagined "missing" spanking scenes from the film *Gone With the Wind* and from Jane Austen's classic novel *Emma*.
