*This post-apocalyptic story centers on a young, black female who is supposed to enforce the law but uses it to quench her thirst for pleasure. The world has suffered, the government has introduced a number system in which people were stripped of their names and were now called by their digital code. In this new society sex is frowned upon if it is for anything other than reproduction, the sentence for having sex out of wedlock is death and it was the law-enforcers job to deal out the punishment, but the young, sassy officer had other things in mind. She abuses her power to pursue her wildest fantasies and finds herself living dangerously close to the erotic edge of a knife in the broken world.*
