**Uro-oncology: CURRENT STATUS AND FUTURE TRENDS (DISCONTINUED (Progress in Clinical and Biological Research)) HUBERT, ED. FROHMULLER**

This volume presents recent research data on the diagnostic and therapeutic complexities of bladder cancer, prostate cancer, renal cell carcinoma and testicular tumours. The text is organized into sections that cover specific aspects of a particular type of cancer. Contributors from a wide range of related fields provide an account of the current understanding and treatment of the various urological carcinomas.
