**Think like a SheEO: Succeeding in the Age of Creators, Makers and Entrepreneurs** Vicki Saunders

Think Like a SheEO is an enthusiastic call to women to create their own businesses that reflect their passions, strengths and values, and to do so on their own terms. With the world facing enormous challenges author and entrepreneur Vicki Saunders argues that there are also enormous opportunities, making this a prime time for women to build new models, new mindsets and new solutions for a better world. Saunders lays out eight principles to steer the reader on her own journey of shifting mindset and preparing to take the leap. With examples from her vast experience, she shares the challenges and successes other bold, gutsy and principled women who are redefining the world. Inspiring exercises pepper the chapters to guide the reader on a journey of self-discovery, helping them uncover what really matters to them, to identify their tremendous strengths and learn to overcome self-limiting beliefs. Saunders shows readers how to leverage their talents, strengths, and genuine interests to create businesses that make them happy and successful. It's not about leaning in to a system that no longer serves women, but rather creating a new model that redefines success on their own terms.
