Beautiful Najee Torres has just woken from a six-month coma. The victim of a carjacking, she was shot and doesn't know her name, where she is or how she got there. Hard as she tries, she also can't recall the seemingly dutiful husband at her bedside or the two kids who are waiting for her at home. Aidan Torres is beyond relieved when his wife finally opens her eyes. When he learns she has amnesia, he believes it is a second chance to get things right. He loves her. And the last thing he wants is for her to discover they were on the verge of a divorce before the carjacking. Najee works hard to get her life back and struggles to remember all of the people supporting her as she recovers. They really seem to care about her, but it's hard to know whom she can trust since she is also trying to figure out who threatened to kill her as she was coming out of her coma. Why would anyone want her dead? And why is she so leery of her sexy, adoring husband? She finds her heart wants another when she comes out of the coma, her doctor Dr. Ian McCullum. Will her memories eventually all come flooding back or will she be forced to spend the rest of her life looking over her shoulder? *I Remember Me*, by popular author Leila Lacey, is a standalone novel. This is classic mystery romance at its finest. Suspenseful and racy, it focuses on a woman who must recover all she has lost if she wants to live happily ever after.
