**NOTE:** Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide.

Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

*For combined courses in Developmental Reading and Writing.*

*This package includes MySkillsLab®.*

### **A true integration of reading and writing skills instruction**

**In Concert, Second Edition** is the second text in a two-part integrated reading and writing series. While the first volume (*In Harmony*) focuses on reading and writing skills at the sentence to paragraph level, *In Concert* moves on to explore reading and writing skills at the paragraph and essay level. This series aims to show students how reading and writing unite to become a single process of understanding and expressing ideas.

Emphasizing the harmonious nature of the reading and writing processes, it highlights critical thinking and reinforces its relationship to these processes. Student and professional essays are presented at the start of each chapter and used as the basis for instruction, illustration, and practice. Readings are presented as integrated instructional material, rather than as models or additional practice, allowing students to improve on their own reading and writing skills through a single source. Thematic-based chapters help build continuity, elicit student interest, and help them draw on their own prior knowledge. McWhorter's streamlined presentation and flexible approach work in traditional as well as compressed courses.

### **Personalize Learning with MySkillsLab®**

MySkillsLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.
