The Ends Justify the Means Russell Madden

A 1500 word essay that summarizes and evaluates the proposition that "the ends justify the means." Despite its prevalence in politics and daily life, this "principle" is not compossible; commits several logical fallacies; violates the Law of Identity; relies on the false idea that "might makes right"; denies the concept of self-ownership; and substitutes force for persuasion.

The idea that the "ends justify the means" is a profoundly unjust, immoral, and illogical position to maintain and should be expunged from all human considerations and interactions.
