A must for all those who want to visit Scotland's many castles. The book covers all of the country's famous strongholds, as well as many lesser-known places, with location, access, visitor facilities, and contact details. There is a map, many photos, a glossary of architectural terms, and a family-name index, allowing the reader to identify any castle associated with their family. ""This is a slim volume that could easily be slipped into one's pocket or backpack and used while traveling.""<sup>1</sup> American Reference Books Annual
